- handlebar design offers superb ergonomics and versatile training options

Features

TUNTURI®

When feeling better is your target

C35 sales story

The C35 is the most versatile Tunturi Crosstrainer in its class. Preset, editable programs motivate to train and target heart rate makes training both safe and efficient. The console read-out is easy to read with oversized digits. The silent electronically controlled brake makes the C35 a challenging training partner: electronic resistance control is both comfortable and accurate.
