- HR receiver inbuilt

#### Construction

- fully shock absorbent T-Flex™ deck structure for the ultimate running experience
- speed and incline remote controls in handrails for easy use
- easy, light and safe folding system
- max. speed 20 km/h | 12.5 mph would set the marathon world record
- powered incline from 0-12 % to vary your training intensity
- HR measurement with integrated contact heart rate in handrails for quick feedback
- strong 3.0 hp continuous duty motor
- sturdy design gives a 135 kg / 300 lbs max. user weight

#### Design

- sturdy handrails on sides for extra support
- easy access with low step for safe training
- compact, yet a full-sized treadmill, folds to less than half its size when in use

#### Features

# TUNTURI®

When feeling better is your target

## T30 sales story

The T30 offers impressive features at an affordable price. With special emphasis on low noise level, it features a large foldable running area, 20 km/h | 12,5 mph top speed, 12 % max. elevation, and a 3.0 hp motor. The performance can be easily controlled, with the console featuring T-Pulse™, hot keys, 7 preset T-Scale™ programs, contact heart rate and remote controls for speed and elevation. And with the Tunturi unique T-Flex™ running base, the training comfort is just as you'd expected from Tunturi.
