Features

TUNTURI®

When feeling better is your target

T20 sales story

The T20 focuses on the features most valued by anyone entering fitness training with a treadmill. It is a full-sized, foldable treadmill with a strong, quiet motor that gives smooth torque at all speeds. The low step running area is wide and the handrails are sturdy. The T20 features various Tunturi fitnesses: the dynamic T-Flex™ running base, T-Pulse™ heart rate control and T-Scale™ programs. Add to this the speed and elevation remote controls, the integrated contact heart rate and versatile console feedback. Quality that every treadmill lover can afford!
